CHAIRMAN'S DESK

Dear Shareholders,

Hope you and your family are well and safe in these testing times. The world is facing an unprecedented scenario, and we, at Dr. Agarwal's, commend the effort of the front-line warriors who have gone above and beyond their call of duty to keep us all safe.

We started our journey 63 years ago, with a challenge to build an organization that would offer high quality eye care at affordable prices. This continued effort over the years, has helped us earn the trust of millions of people across the world, while staying true to our vision of being a truly global healthcare organization which imbibes the best practices in the sector while relying on continuous innovation and cutting-edge technology.

For FY 2019-20, we clocked INR 178.60 Crores as the total income, and our EBITDA stood at 27.36%. Due to the COVID-19 crisis, the momentum in our peak month of March got derailed, and for nearly 15 days in March, our revenues dropped down drastically. Our Q1 21 performance has been affected due to the cascading impact of COVID-19 crisis and nationwide lockdown in India. However, we believe that the COVID-19 crisis is a temporary setback and we will bounce back by showing a better run rate Q2 21 onwards. To rejuvenate the organization from this pandemic, our mantra for the FY 2020-21 will be to focus on cost efficiency, operational optimization, and optimal growth rate. We would be relocating our Salem branch (by Q3 21), to a bigger premise to address the market demands, and we expect to gain more market share with this move. We have also strengthened our compliance process, and will continue to do so.

As we move ahead on the path of value creation for all our stakeholders, I would like to commend the effort of our Doctors, Consultants, management and staff. I thank all the directors for their valued insights and directions imparted to the Company. The trust and confidence of the shareholders fuel us on the path of excellence, and I look forward to this continued support.

NOTES :

1. Considering the present Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its circular dated May 5, 2020 read together with circulars dated April 8, 2020 and April 13, 2020 (collectively referred to as "MCA Circulars") permitted convening the Annual General Meeting ("AGM" / "Meeting") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), without the physical presence of the members at a common venue. In accordance with the MCA Circulars, provisions of the Companies Act, 2013 ('the Act') and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company is being held through VC / OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.

2. A statement pursuant to Section 102(1) of the Act, relating to the Special Business to be transacted at the AGM is annexed hereto.

3. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the Company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies

by the members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed hereto.

4. Since the AGM will be held through VC/ OAVM, the route map of the venue of the Meeting is not annexed hereto.

5. Under the provisions of Section 124 of the Companies Act, 2013 (Section 205A of the Companies Act, 1956), dividends remaining unpaid for a period of 7 years will be transferred to the Investor Education and Protection Fund (IEP Fund) of the Central Government. Hence, the members who have not claimed their dividend relating to the earlier years may write to the Company or Registrar and Share Transfer Agent for claiming the amount before it is transferred to the IEP Fund. As per Section 124(6) of the Companies Act, 2013 all the shares in respect of which dividend has not been paid or claimed for seven consecutive years or more shall be transferred by the Company in the name of IEP Fund. The shareholders are entitled to claim the shares and the dividend transferred to IEP Fund in accordance with the procedures and on submission of such documents as prescribed in the Companies Act, 2013. The details of due dates for transfer of such unclaimed dividend to the said IEP Fund are given below.

MANAGEMENT DISCUSSION AND ANALYSIS COMPANY OVERVIEW

ANNEXURE-IV

ABOUT DR AGARWAL'S

Founded in 1957, and registered in 1994 as a Company, Dr Agarwal's Eye Hospital is a leading chain of eye hospitals with predominant presence in Tamil Nadu. Lead by renowned Dr Amar Agarwal, the Company has been a pioneer and leader in the Indian Ophthalmology market with an established market position, healthy brand recall in the eye care segment.

It offers comprehensive services in the eye-care segment including Cataract, Glaucoma, Laser Correction, Corner and Refractive, Retina, and Squint among others. It has presence in multiple locations in Tamil Nadu and Rajasthan.

HEALTHCARE INDUSTRY STRUCTURE AND DEVELOPMENT

One aspect of human welfare that transcends everything including economic well-being and geographic location, is the health of the individual. For this reason, healthcare has been existing since the beginning of time and continues due to life style of modern times.

A normal human accesses healthcare only in times of sickness or injury or both. But the future doesn't look the same. People are moving from cure to prevention. Healthcare is moving from treatment to well-being. The emphasis is now on preventing illness, identifying health risks earlier, adopting healthier lifestyle rather than cure, treatment, and recovery.

In 2015, World Health Organisation (WHO), along with its members, had set about to achieve Universal Health Coverage (UHC). This was considered as one of the targets under the umbrella of Sustainable Development Goals (SDG) set out by the United Nations. WHO says "UHC means that all individuals and communities receive the health services they need without suffering financial hardship. It includes the full spectrum of essential, quality health services, from health promotion to prevention, treatment, rehabilitation, and palliative care." So to put in simple words, UHC sets to achieve three goals: healthcare access for all, quality and comprehensive care, and financial protection.

Since access is foundational to building comprehensive and affordable healthcare, primary healthcare is key

strategy to ensure that everyone in need of care is able to get into the system. And when it comes to eye care, the strategy for providing screening and some level of primary care at the community level in India is essentially limited to periodic community outreach events like eye camps, typically conducted once a year in a given community.

GLOBAL OPHTHALMOLOGY MARKET

Ophthalmology is the science stream that deals with the physiology, diseases, and anatomy of the eyes. High prevalence of vision impairment and increase in eye disorders due to digitalization are the major factors fueling the global ophthalmology market growth. The technological advancements in the devices, increase in target population that suffers from vision problems, rise in the introduction of insurance coverage/policies by the governments, and growth in the establishment of ophthalmic clinics in both developing and under-developed countries are also key global market drivers for ophthalmology devices and services.

WHO in partnership with the International Agency for Prevention of Blindness (IAPB) had launched a global initiative 'VISION 2020: The Right to Sight' for the elimination of avoidable blindness.

World Sight Day (WSD) is celebrated every year on the second Thursday of October to draw attention on blindness and vision impairment. It highlights the importance of encouraging blindness prevention efforts; as the 80% of blindness is avoidable (preventable and/or treatable); 4 out of 5 people have avoidable visual impairment. WSD provides a platform to organizations to support individuals, communities for initiating various preventive measures to eliminate avoidable blindness and visual impairment.

INDIAN OPHTHALMOLOGY MARKET

In Asia Pacific, the ophthalmology market is expected to register the highest growth rate in the world in the near future, due to the rising investments and funding by government, the establishments of ophthalmic clinics in India and China, growing target population, and a large number of people suffering from eye defects and disorders. WHO, in 2017, had said that in India about 8 million people were blind and over 54 million were visually impaired. This increase combined with

technological advancements, urban lifestyle and for various other reasons, the Indian Ophthalmology market is looking at a robust growth in the upcoming years.

Ophthalmic services are available in India through eye hospitals/clinic run by the government, corporations, and non-profits organisations. The expenditure in private hospitals/clinics is higher than that in government hospitals, and yet there is a growing popularity for private eye settings primarily due to their higher degree of sophistication, technical advancements and compliance of international eye-care standards.

Ophthalmology based diseases in India is significantly large. Annually, around 5 million cataract surgeries are performed in India. A majority of these procedures involve intraocular lens implantation. Furthermore, as per a study published in 2019 by L V Prasad Eye Institute (Hyderabad) states that by the year 2030, a staggering 275 million people are expected to be affected by the dry eye disease. There is a significant and growing burden of moderate visual impairment in India. Based upon increasing burden of eye diseases and moderate growth in technological advancements, the market is expected to grow at the CAGR of 7.3%, valuing it at US\$ 2 billion by 2022.

The Indian ophthalmic surgeons are expected to perform around 8 million cataract procedures next year, making cataract the largest overall ophthalmic market in the country. Revenues from cataract surgery in India are expected to generate more than a quarter of the total ophthalmic market revenues in the country. The diagnostic equipment market is the second largest ophthalmic market in India and is expected to reach nearly \$257 million in 2022.

SWOT ANALYSIS

Strengths

- a) Being a pioneer in ophthalmology space with best track record of clinical outcomes, the Company is best placed to grow its patient base and related financial outcomes
- b) The Company is guided by a very strong promoter team with right blend of clinical and managerial expertise

Weaknesses

- a) Dependence on scarcely available medical professionals: As per statistics published by the International Council of Ophthalmology in 2016, there were about 15,000 ophthalmologists in India, which highlights the shortage and high burden among the doctors to tackle the patient population in India, which is among the primary restraining factors to this market
- b) Lands on which our hospitals are located are on leasehold premises. In the event of nonrenewal or if the renewal is not in favorable terms to us, our business may face disruptions

Opportunities

- a) The Company has got tremendous learning from the positives and significant challenges encountered by peers, against which it is de-risking itself
- b) The company employs an experienced team of Doctors aided by sophisticated technology thus providing advanced eye-care services
- c) Over a period of time, the Company has achieved significant efficient in its capital structure with low leverage position to enable ramp up
- d) The recent relocation of its branches creates a well set platform / robust operating model to drive expansion – In the last financial year, your Company has relocated Ashok Nagar branch (Chennai) and are also expanding it to cater to the increasing volume realised in that locality.

Threats

- a) The global pandemic caused COVID-19 has impacted the general health of people, businesses and the economy as a whole. The compounding impact on the operations and financials of the organisation due to the global pandemic and also due to the lockdowns initiated by the Indian Central Government and the State Governments cannot be quantified at present.
- b) Geographically concentrated operations with modest growth in scale amidst stiff competition

RISKS AND MITIGATIONS

a) Competition intensity and new entrants to the market: Many competitors attempt capturing market by offering similar treatment through use of primitive technology. This can significantly impact Companies bottom line

Risk Mitigation: The Company believes that in the long run, quality is the sole consideration and has never compromised on its ability in conducting high end, state of art technology.

b) Pace of obsolescence of technology and treatment methods: Eye Care segment used a number of equipment in its business, which needs to be constantly tested, monitored for technology obsolescence.

Risk Mitigation: Company utilises a dedicated Research & Development function, which develops near term and incremental improvements, as well as step change improvements to existing products and processes,

resulting in minimal obsolescence.

c) Materials risk: Non availability of good quality materials could impact on time delivery of service to clients.

Risk Mitigation: The Company procures its materials directly from manufacturers on a sustained basis on account of large volumes and timely payments.

d) Labour shortage and attrition of key staff including medical professionals Non availability of key / skilled Doctors could negate the quality and quantitative performance of the business

Risk Mitigation: The Company has been continuously recruiting / training Doctors and building its capabilities.

e) Increased compliance and regulatory challenges The evolution of the global regulatory environment has resulted into increased regulatory scrutiny that has raised the minimum standards to be maintained. This signifies the alignment of corporate performance objectives, while ensuring compliance with regulatory requirements.

Risk Mitigation: Company recognises that regulatory requirements can at times be challenging, and therefore, will strive to understand the changing regulatory standards, so as to strengthen its decision making process and integrate these in the business strategy in which it operates

INDEPENDENT AUDITOR'S REPORT

To The Members of Dr. Agarwal's Eye Hospital Limited

Report on the Audit of the Ind AS Financial Statements

OPINION

We have audited the accompanying Ind AS financial statements of Dr. Agarwal's Eye Hospital Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Ind AS Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountant of India (ICAI) together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No	Key Audit Matter	Auditor's Response
1.	<p>Impact of first time adoption of Ind AS 116 - Leases:</p> <p>As described in Note 38 to the financial statements, the Company has adopted Ind AS 116 – "Leases" effective from 1 April 2019. The standard involves certain key judgements and assumptions involving identification of lease, determination of the lease term, application of appropriate discount rate etc.</p> <p>There also exists a risk that the lease data which underpin the Ind AS 116 transition calculation is incomplete or inaccurate.</p>	<p>We have performed the following procedures:</p> <p>Evaluated the design and implementation of the relevant controls over the application of the new lease accounting standard and tested the operating effectiveness of such internal controls;</p> <p>In addition to the above,</p> <p>Tested the completeness of lease data provided by the Company by agreeing them to the branch rental schedule, scrutiny of ledger balances for identifying potential arrangements in the nature of lease and also made corroborative inquiries with the operations and legal teams.</p>

S.No	Key Audit Matter	Auditor's Response
	<p>The standard also requires certain additional disclosures to be presented in the financial statement.</p> <p>The first time adoption of the standard as at 1 April 2019, resulted in the recognition of Right of use asset of Rs. 4,260.65 lakhs and Lease Liabilities of Rs. 4,629.53 lakhs, which was very significant for the Company.</p> <p>Based on the above factors, the implementation of the new accounting standard on leases has been considered as a key audit matter.</p>	<p>Tested the accuracy of the lease data by reviewing the underlying contracts for key terms and conditions, re-computation of Right of use assets and lease liabilities and agreeing them with the respective general ledger balances and disclosure in the financial statements.</p> <p>Tested the reasonableness of the assumptions used in determination of the lease term, identification of the appropriate discount rate etc. by reviewing the terms and conditions in the contract, assessing past trend and by agreeing the discount rate to weighted average cost of capital, as applicable.</p> <p>Where lease terms were renegotiated due to impact of COVID 19, verified if necessary adjustments arising from re-measurement of lease liability (including corresponding adjustment to the related right of use asset), where applicable, due to lease modifications/ termination, is appropriately made.</p> <p>Evaluated the basis of determination of for impairment indicators, if any, with respect to Right of Use assets.</p> <p>Tested the presentation and disclosures with reference to the requirements of Ind AS.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussions and Analysis Report, Board Report, but does not include the Ind AS financial statements and our auditor's report thereon.
- Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

- In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:

(a.) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b.) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c.) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

(d.) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act.

(e.) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.

(f.) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

(g.) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h.) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i). The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements;

ii). The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii). There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

INDEPENDENT AUDITOR'S REPORT ON AUDIT OF ANNUAL FINANCIAL RESULTS AND REVIEW OF QUARTERLY FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF DR. AGARWAL'S EYE HOSPITAL LIMITED

OPINION AND CONCLUSION

We have (a) audited the Financial Results for the year ended 31 March 2020 and (b) reviewed the Financial Results for the quarter ended 31 March 2020 (refer 'Other Matters' section below), which were subject to limited review by us, both included in the accompanying "Statement of Financial Results for the Quarter and Year Ended 31 March 2020" of Dr. Agarwal's Eye Hospital Limited ("the Company"), ("the Statement"), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").

(a) Opinion on Annual Financial Results

In our opinion and to the best of our information and according to the explanations given to us, the Financial Results for the year ended 31 March 2020:

- i. is presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended; and
- ii. gives a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standards and other accounting principles generally accepted in India of the net profit and total comprehensive income and other financial information of the Company for the year then ended.

(b) Conclusion on Unaudited Financial Results for the quarter ended 31 March 2020

With respect to the Financial Results for the quarter ended 31 March 2020, based on our review conducted as stated in paragraph (b) of Auditor's Responsibilities section below, nothing has come to our attention that causes us to believe that the Financial Results for the quarter ended 31 March 2020, prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

BASIS FOR OPINION ON THE AUDITED FINANCIAL RESULTS FOR THE YEAR ENDED 31 MARCH 2020

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in paragraph (a) of Auditor's Responsibilities section below. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Results for the year ended 31 March 2020 under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

MANAGEMENT'S RESPONSIBILITIES FOR THE STATEMENT

This Statement which includes the Financial Results is the responsibility of the Company's Board of Directors and has been approved by them for the issuance. The Financial Results for the year ended 31 March 2020 has been compiled from the related audited financial statements. This responsibility includes the preparation and presentation of the Financial Results for the quarter and year ended 31 March 2020 that give a true and fair view of the net profit and other comprehensive loss and other financial information in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively

for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Results that give a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the Financial Results, the Board of Directors are responsible for assessing the Company's ability, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the financial reporting process of the Company.

AUDITOR'S RESPONSIBILITIES

(A) AUDIT OF THE FINANCIAL RESULTS FOR THE YEAR ENDED 31 MARCH 2020

Our objectives are to obtain reasonable assurance about whether the Financial Results for the year ended 31 March 2020 as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Results. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.

- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.

- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Annual Financial Results, including the disclosures, and whether the Annual Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the Annual Financial Results of the Company to express an opinion on the Annual Financial Results.

Materiality is the magnitude of misstatements in the Annual Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Annual Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual Financial Results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

(b) Review of the Financial Results for the quarter ended 31 March 2020

We conducted our review of the Financial Results for the quarter ended 31 March 2020 in accordance with the Standard on Review Engagements (“SRE”) 2410 ‘Review of Interim Financial Information Performed by the Independent Auditor of the Entity’, issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the Company’s personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs specified under section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Date: 19 May 2020

OTHER MATTERS

• As stated in Note 2 of the Statement, the figures for the corresponding quarter ended 31 March 2019 are the balancing figures between the annual audited figures for the year then ended and the year to date figures for the 9 months period ended 31 December 2018. We have not issued a separate limited review report on the results and figures for the quarter ended 31 March 2019. Our report on the Statement is not modified in respect of this matter.

• The Statement includes the results for the Quarter ended 31 March 2020 being the balancing figure between audited figures in respect of the full financial year and the published year to date figures up to the third quarter of the current financial year which were subject to limited review by us. Our report on the Statement is not modified in respect of this matter.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(REFERRED TO IN PARAGRAPH 1(F) UNDER 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS' SECTION OF OUR REPORT OF EVEN DATE)

REPORT ON THE INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Dr. Agarwal's Eye Hospital Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and

maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(REFERRED TO IN PARAGRAPH 2 UNDER 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS' SECTION OF OUR REPORT OF EVEN DATE)

(i) In respect of property, plant and equipment:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(b) The property, plant and equipment were physically verified during the year by the Management in accordance with a regular programme of verification, which in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noted on such verification.

(c) The Company does not have any immovable properties of freehold or leasehold land and building, which are reported under Property, Plant and Equipment and hence reporting under clause(i)(c) of the CARO 2016 is not applicable.

(ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals. No material discrepancies were noted on the physical verification during the year and the other discrepancies noticed have been properly dealt with in the books of accounts.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013.

(iv) In our opinion and according to the information and explanations given to us, the Company has not granted any loans, made investments or provided guarantees and hence, reporting under clause (iv) of the CARO 2016 is not applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposits during the year.

(vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2016, as amended and prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained.

(vii) According to the information and explanations given to us in respect of statutory dues:

(a) Except for certain delays in remittance of Provident fund, Professional tax, Tax deducted at source and Advance tax, the Company has generally been regular in depositing other undisputed statutory dues, including, Employees' State Insurance, Customs Duty, Professional Tax, Cess and other material statutory dues applicable to it with the appropriate authorities during the year.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Services tax, Customs Duty, Cess, professional tax and other material statutory dues in arrears as at 31 March 2020 for a period of more than six months from the date they became payable.

(c) Details of Income Tax which have not been deposited as at 31 March 2020 on account of disputes are given below:

Name of the Statute	Nature of dues	Forum where Dispute is pending	Period to which the Amount Relates (Financial Year)	Amount Involved (Rs. In Lakhs)	Amount Unpaid (Rs. In Lakhs)
Income Tax Act, 1961	Income Tax	Commissioner of Income Tax (Appeals)	2008-09	82.60	13.02
			2009-10	125.58	67.31
			2010-11	194.14	40.15
			2011-12	164.52	21.10
			2013-14	486.17	152.17

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions and banks. The Company has not taken any loans or borrowings from government and has not issued any debentures.

(ix) In our opinion and according to the information and explanations given to us, money raised by way of term loans have been applied by the Company during the year for the purposes for which they were raised, other than temporary deployment pending application of proceeds. Further, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments).

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, the Company has paid managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.

(xii) The Company is not a Nidhi Company and, hence, reporting under clause 3 (xii) of the CARO 2016 is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and, hence, reporting under clause (xiv) of CARO 2016 is not applicable to the company.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

1. CORPORATE INFORMATION:

Dr. Agarwal's Eye Hospital Limited ('the Company') was incorporated on 22 April 1994 and is primarily engaged in providing eye care and related services. As at 31 March 2020, the Company is operating in 22 locations and has one central stores. Dr. Agarwal's Health Care Limited is the holding Company as at 31 March 2020.

2. APPLICATION OF NEW AND REVISED IND AS

All the Indian Accounting Standards issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorised have been considered in the preparing these financial statements. There is no other Indian Accounting Standard that has been issued as of that date but was not mandatorily effective.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 Statement of Compliance

The Financial Statements have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Except for the changes below, the Company has consistently applied accounting policies to all periods.

(i) The Company has adopted Ind AS 116 'Leases' with the date of initial application being 1 April 2019. Ind AS 116 replaces Ind AS 17 – Leases and related interpretation and guidance. The standard sets out principles for recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. The Company has applied Ind AS 116 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1 April 2019. As a result, the comparative information as at and for the year ended 31 March 2019 has not been restated and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended 31 March 2019. Refer Note 38 for further details.

(ii) On 30 March 2019, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2019 containing Appendix C to Ind AS 12, Uncertainty over Income Tax Treatments which clarifies the application and measurement requirements in Ind AS 12 when there is uncertainty over income tax treatments. The current and deferred tax asset or liability shall be recognized and measured by applying the requirements in Ind AS 12 based on the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates determined by applying this appendix. The amendment is effective from 1 April 2019. The Company has evaluated the effect of this amendment on the financial statements and concluded that there is no significant impact.

(iii) On 30 March 2019, the Ministry of Corporate Affairs has notified limited amendments to Ind AS 12 'Income Taxes'. The amendments require an entity to recognise the income tax consequences of dividends as defined in Ind AS 109 when it recognises a liability to pay a dividend. The income tax consequences of dividends are linked more directly to past transactions or events that generated distributable profits than to distributions to owners. Therefore, an entity shall recognize the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The amendment is effective from 1 April 2019. The Company has evaluated the effect of this amendment on the financial statements and concluded that there is no significant impact.

(iv) On 30 March 2019, the Ministry of Corporate Affairs has notified limited amendments to Ind AS 19 'Employee Benefits' in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The amendment is effective from 1 April 2019. The Company has evaluated the effect of this amendment on the financial statements and concluded that this amendment is currently not applicable.

3.2 Basis of Preparation and Presentation of Financial Statements

"These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability."

3.3 Use of Estimates

The preparation of the financial statements requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the reporting period. Examples of such estimates include provision for doubtful debts/advances, provision for employee benefits, useful lives of fixed assets, lease term, provision for contingencies etc.

Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results may vary from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively in the year in which the estimate is revised and/or in future years, as applicable.

"Estimation uncertainty due to COVID-19 outbreak:

The Company has considered internal and certain external sources of information including credit reports, economic forecasts and industry reports up to the date of approval of the financial statements in determining the impact on various elements of its financial statements relating to COVID-19 pandemic. The Company has used the principles of prudence in applying judgments, estimates and assumptions including sensitivity analysis and based on the current estimates, the Company expects to fully recover the carrying amount of trade receivables and right-to-use asset. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements."

3.4 Cash and Cash Equivalents (for the purpose of Cash Flow Statement)

Cash comprises cash on hand, cheques and demand drafts on hand, balances with banks in current accounts / demand deposits. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Bank balances other than the balance included in cash and cash equivalents represents balance on account of unpaid dividend and margin money deposit with banks.

3.5 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.6 Functional and Presentation Currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (i.e. the "functional currency"). The financial statements are presented in Indian Rupees (Rs.), the national currency of India, which is the functional currency of the Company. All the financial information have been presented in Indian Rupees except for share data and as otherwise stated.

3.7 Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3.8 Property, Plant & Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment loss (if any). The cost of Property, Plant and Equipment comprises its purchase price net of any trade discounts and rebates and includes taxes, duties, freight, incidental expenses related to the acquisition and installation of the assets concerned and is net of Goods and Service Tax (GST), wherever the credit is availed. Borrowing costs paid during the period of construction in respect of borrowed funds pertaining to construction / acquisition of qualifying property, plant and equipment is adjusted to the carrying cost of the underlying property, plant and equipment.

Any part or components of property, plant and equipment which are separately identifiable and expected to have a useful life which is different from that of the main assets are capitalized separately, based on the technical assessment of the Management.

Advances paid towards the acquisition of Property, Plant and Equipment outstanding at each balance sheet date are disclosed as "Capital Advances" under Other Non Current Assets and cost of Property, Plant and Equipment not ready to use before such date are disclosed under "Capital Work-in-Progress".

Depreciation

Depreciable amount for assets is the cost of an asset less its estimated residual value.

Depreciation on tangible property, plant and equipment has been provided on the written down value method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Category	Useful life
Leasehold Improvements	Over lease term
Medical Equipments	13-15 years
Office Equipments	5 years
Vehicles	8-10 years
Computers	3-6 years
Electrical Fittings	10 years
Furniture and Fixtures	8-10 years
Lab Equipments	10 years
Kitchen Equipments	8 years

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

3.9 Intangible Assets

"Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses (if any). Software is amortised on a straight line basis over the license period or three years, whichever is lower. Other intangibles are amortised based on the estimated useful life as determined. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

An Intangible assets is derecognised on disposal or when no future economic benefits are expected from use of disposal. Gains or losses arising from derecognition of an intangible assets measured as the difference between the net disposal proceeds and the carrying amount of the asset as recognised in profit or loss when the asset is derecognised."

net disposal proceeds and the carrying amount of the asset as recognised in profit or loss when the asset is derecognised."

3.10 Impairment of Tangible and Intangible Assets

"At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for

the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss."

3.11 Inventories

"Inventory of Traded Goods comprising Optical, Pharmaceutical Products, Contact Lenses and Accessories, Consumables and Provisions - Food Items are valued at lower of cost ascertained using the First-in-First-out method and net realisable value. Cost includes cost of purchase, freight, taxes, duties and other charges incurred for bringing the goods to the present location and condition and are net of GST credit, where applicable.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale."

Due allowance is estimated and made for unusable/non-saleable/ expired items of inventory wherever necessary, based on the past experience of the Company and such allowances are adjusted against the inventory carrying value

3.12 Revenue Recognition

"(i) Revenue from Operations

Revenue is measured at the fair value of the consideration received or receivable. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. Sales and Service Income exclude Goods and Service Tax (GST) and are net of trade / volume discounts, where applicable.

Sale of products comprising Sale of Optical Frames and Lens, Pharmaceutical Products, Contact Lens and related accessories and food items is recognised on delivery of items to the customers and when control on goods is passed on to the customers.

Sale of services comprising Income from Consultation, Surgeries, Treatments and Investigations performed are recognised when performance obligation is satisfied at a point in time, on rendering the related services.

Other Operating Income comprises medical support services provided by the Company and is recognised on rendering the related services."

(ii) Other Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Dividend Income is accounted for when right to receive it is established."

3.13 Foreign Currency Transactions**"Initial Recognition:**

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition:

As at the reporting date, non monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Treatment of Exchange Differences:

All monetary assets and liabilities in foreign currency are restated at the end of accounting period at the closing exchange rate and exchange differences on restatement of all monetary items are recognised in the Statement of Profit and Loss."

3.14 Employee Benefits**Retirement benefit costs and termination benefits:****i) Defined Benefit Plans:**

Employee defined benefit plans include gratuity.

"Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses,

effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in the Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement"

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

"The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

The Company makes contribution to a scheme administered by the insurer to discharge gratuity liabilities to the employees. "

Short-term and other long-term employee benefits

"A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date."

ii) Defined Contribution Plans

Employee defined contribution plans include Provident Fund and Employee State Insurance.

Provident Fund and Employee State Insurance:

All employees of the Company receive benefits from Provident Fund and Employee's State Insurance, which are defined contribution plans. Both, the employee and the Company make monthly contributions to the plan, each equalling to a specified percentage of employee's basic salary. The Company has no further obligations under the plan beyond its monthly contributions. The Company contributes to the Employee Provident Fund and Employee's State Insurance scheme maintained by the Central Government of India and the contribution thereof is charged to the Statement of Profit and Loss in the year in which the services are rendered by the employees.

3.15 Borrowing Costs

"Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on

qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in profit or loss in the period in which they are incurred."

3.16 Government Grants, Subsidies and Export Incentives

"Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidies will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of a depreciable asset by way of a reduced depreciation charge.

Export benefits, if any, are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are accounted in Reserves and Surplus in Other Equity. Government grants in the form of non-monetary assets, given at a concessional rate, are recorded on the basis of their acquisition cost. In case the non-monetary asset is given free of cost, the grant is recorded at a nominal value.

Other government grants and subsidies are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis."

3.17 Segment Reporting

"Operating segments reflect the Company's management structure and the way the financial information is regularly reviewed by the Company's Chief operating decision maker (CODM). The CODM considers the business from both business and product perspective based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / (loss) amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue, where applicable, is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

3.18 Leases

"The Company's lease asset classes consists of leases for buildings. The Company, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration. This policy has been applied to contracts existing and entered into on or after 1 April 2019.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will

exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense over the lease term."

3.19 Earnings Per Share

"Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease earnings per share from continuing operations. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate."

3.20 Taxes on Income

"Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax expense for the year is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income-tax Act, 1961.

Minimum Alternate Tax (MAT) paid as current tax

expense in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as tax credit and recognised as deferred tax asset when there is reasonable certainty that the Company will pay normal income tax in the future years and future economic benefit associated with it will flow to the Company. The carrying amount is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered."

"Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities."

3.21 Provisions, Contingent Liabilities and Contingent Assets

"A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of

resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are determined based on the best estimate required to settle the obligation at the balance sheet date and measured using the present value of cash flows estimated to settle the present obligations (when the effect of time value of money is material). These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. The Company does not recognize a contingent liability but discloses its existence in the Financial Statements. Contingent assets are only disclosed when it is probable that the economic benefits will flow to the entity."

3.22 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

3.23 Financial Instruments

Initial Recognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss (FVTPL)) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

3.23.1 Financial Assets

"(a) Recognition and initial measurement

(i) The Company initially recognises loans and advances, deposits and subordinated liabilities on the date on

which they originate. All other financial instruments (including regular way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the Company becomes a party to the contractual provisions of the instrument. A financial asset or liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

(b) Classification of financial assets

"On initial recognition, a financial asset is classified to be measured at amortised cost, fair value through other comprehensive income (FVTOCI) or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows;
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy in financial assets measured at amortised cost, refer Note 3.23.1 (e)

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognized at FVTPL:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets;
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value."

(c) Effective interest method

"The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or

discounts) through the expected life of the debt instrument, or where appropriate, a shorter period, to the gross carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other Income" line item."

(d) Financial assets at fair value through profit or loss (FVTPL)

"Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably."

(e) Impairment of financial assets

"The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the

weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

For trade receivables, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information."

(f) Derecognition of financial assets

"The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the

proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts."

(g) Foreign exchange gains and losses:

"The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss.
- Changes in carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains or losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in the Statement of Profit and Loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income."

3.23.2 Financial Liabilities and equity instruments

(a) Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

(c) Financial Liabilities at FVTPL:

"Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking;

"A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Companying is provided internally on that basis;"

(d) Financial liabilities subsequently measured at amortised cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are

subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

(e) Foreign exchange gains and losses:

"For financial liabilities that are denominated in a foreign currency and measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on amortised cost of the instruments and are recognised in the Statement of Profit and Loss.

The fair value of the financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured at FVTPL, the foreign exchange component forms part of the fair value gains or losses recognised in the Statement of profit and Loss."

(f) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised the Statement of Profit and Loss.

3.24 Goods & Service Tax Input Credit

Goods & Service Tax Input Credit is accounted for in the books during the period in which the underlying service received is accounted and where there is no uncertainty in availing/utilizing the same.

4. Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of Financial Statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require a material adjustment to the carrying value of assets or liabilities affected in future periods.

"Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in apply

ing accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

- (i) Useful lives of Property, plant and equipment (Refer Note 3.8)
- (ii) Assets and obligations relating to employee benefits (Refer Note 3.14)
- (iii) Valuation and measurement of income taxes and deferred taxes (Refer Note 3.20)
- (iv) Provisions for disputed statutory and other matters
- (v) Allowances for expected credit losses (Refer Note 3.23.1(e))
- (vi) Fair value of Financial Assets and Liabilities (Refer Note 3.23.1 and 3.23.2)

Determination of functional currency: Currency of the primary economic environment in which the Company operates ("the functional currency") is Indian Rupee (INR) in which the company primarily generates and expends cash. Accordingly, the Management has assessed its functional currency to be Indian Rupee (INR)."

13.1 Credit period and risk

Significant portion of the Company's business is against receipt of advance. Credit is provided mainly to Insurance Companies, Corporate customers, customers with insurance coverage and customers covered by Government accorded health benefits. The Insurance Companies are required to maintain minimum reserve levels and pre-approve the insurance claim, Government undertakings and the Corporate Customers are enterprises with high credit ratings. Accordingly, the Company's exposure to credit risk in relation to trade receivables is low.

Trade receivables are non-interest bearing and are generally on terms of upto 30 days. Of the Trade Receivable as at 31 March 2020, Rs. 740.22 lakhs (As at 31 March 2019: Rs. 829.91 lakhs) are due from eight (Previous year: seven) of the Company's customers i.e having more than 5% of the total outstanding trade receivable balance. There are no other customers who represent more than 5% of the total balance of trade receivables.

No trade receivable are due from directors or other officers of the Company either severally or jointly with any other person. Nor any trade receivable are due from firms or private companies respectively in which any director is a partner, a director or a member.

13.2 Expected credit loss allowance

The Company has used a practical expedient by computing the expected loss allowance for trade receivables based on provision matrix. The provision matrix takes into account the historical credit loss experience and adjustments for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix, considering the amounts due from the government undertakings and the other undertakings.

The provision matrix at the end of the reporting period (31 March 2020) is as follows:

Particulars	Expected Credit loss (%)
Within the credit period	1% to 4%
1-90 days past due	1% to 4%
91-180 days past due	9% to 14%
181-270 days past due	20% to 38%

35.3 Defined benefit plans

The Company operates a gratuity plan covering qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act, 1972 and the benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India.

In respect of the plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at 31 March 2020 by Kapadia Actuaries & Consultants, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and paid service cost, were measured using the projected unit cost credit method.

- (i) The plan assets comprise insurer managed funds. None of the assets carry a quoted market price in active market or represent the entity's own transferable financial instruments or property occupied by the entity.
- (f) The Actual return on plan asset for the year ended 31 March 2020 was Rs. 7.16 lakhs (For the year ended - 31 March 2019: Rs.6.44 lakhs).

(g) Actuarial assumptions**Investment Risk:**

The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligations.

Interest Risk:

A decrease in the yield of Indian government securities will increase the plan liability.

Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries. In particular, there is a risk for the Company that any adverse salary growth can result in an increase in cost of providing these benefits to employees in future.

The principal assumptions used for the purpose of actuarial valuation were as follows :

Particulars	As at	As at
	31 March 2020	31 March 2019
Discount rate	5.55%	6.75%
Expected rate of salary increase	6.00%	6.00%
Expected return on plan assets	5.55%	6.75%
Expected Attrition rate based on Past Service (PS) (% p.a)	28%	28%
Mortality	Indian Assured Lives (2012- 2014)	Indian Assured Lives (2006- 2008)

1. The discount rate is based on the prevailing market yields of Indian Government securities as at balance sheet date for the estimated term of the obligation.
2. The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.
3. In order to protect the capital and optimize returns within acceptable risk parameters, the plan assets are maintained with an insurer managed fund (maintained by the Life Insurance Corporation ("LIC") and is well diversified.

Sensitivity Analysis

The benefit obligation results of a such a scheme are particularly sensitive to discount rate, longevity risk, salary growth and employee attrition, if the plan provision do provide for such increases on commencement of pension. The following table summarizes the impact in financial terms on the reported defined benefit obligation at the end of the reporting period arising on account changes in these four key parameters:"

(Amount in Rs. Lakhs)

Impact on the Defined benefit Obligation	As at 31 March 2020	As at 31 March 2019
(i) Discount Rate		
Increase by 100 bps	(12.90)	(11.07)
Decrease by 100 bps	13.75	11.79
(ii) Mortality Rate		
Increase by 10%	0.02	0.02
(iii) Salary growth rate		
Increase by 100 bps	11.93	10.57
Decrease by 100 bps	(11.63)	(10.08)
(iv) Attrition rate		
Increase by 100 bps	(0.28)	(0.20)
Decrease by 100 bps	0.27	0.21

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet. There is no change in the methods and assumptions used in preparing the sensitivity analysis from the prior years."

(h) Asset Liability Matching Strategies

The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity liability occurring during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

(i) Effect of Plan on Entity's Future Cash Flows**a) Funding Arrangements and Funding Policy**

The Company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance Company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

- b) The Company expects to make a contribution of Rs. 68.29 lakhs during the next financial year.
- c) The weighted average duration of the benefit obligation as at 31 March 2020 is 3.16 years (as at March 31, 2019 is 3.28 years).
- d) Maturity profile of defined benefit obligation:

37 Segment Reporting

The Company is engaged in providing eye care and related services provided from its hospitals which are located in India. Based on the "management approach" as defined in Ind-AS 108 - Operating Segments, the Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by the overall business segment, i.e. Eye care related sales and services. As the allocation of resources and profitability of the business is evaluated by the CODM on an overall basis, with evaluation into individual categories to understand the reasons for variations, no separate segments have been identified. Accordingly no additional disclosure has been made for the segmental revenue, segmental results and the segmental assets & liabilities."

38 Leases

"The Company has adopted Ind AS 116 'Leases' with the date of initial application being 1 April 2019. Ind AS 116 replaces Ind AS 17 – Leases and related interpretation and guidance. The Company has applied Ind AS 116 using the modified retrospective approach, wherein the cumulative impact of initial application is recognised as an adjustment to the opening retained earnings at 1 April 2019. As a result, the comparative information has not been restated. In adopting Ind AS 116, the Company has applied the below practical expedients:

- (i) The Company has applied a single discount rate to a portfolio of leases with reasonably similar characteristics.
- (ii) The Company has treated the leases with remaining lease term of less than 12 months as if they were "short term leases". (Refer Note 31(e)).
- (iii) The Company has not applied the requirements of Ind AS 116 for leases of low value assets.
- (iv) The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition.
- (v) The Company has used hindsight, in determining the lease term if the contract contains options to extend or terminate the lease.

On transition to Ind AS 116, the Company recognised right-of-use assets amounting to Rs 4,260.65 lakhs and lease liabilities amounting to Rs. 4,629.52 lakhs and debit to retained earnings amounting to Rs. 210.17 lakhs as at 1 April 2019. The Company has discounted lease payments using the applicable incremental borrowing rate as at 1 April 2019, which is 9.75% for measuring the lease liability. "

- A. Reconciliation of operating lease commitments as at 31 March 2019 with the lease liabilities recognized in the Balance Sheet as at 1 April 2019:

(Amount in Rs. Lakhs)

Particulars	As at 31 March 2020

	7,802.12	4,510.73	7,802.12	4,510.73

The management assessed that fair value of cash and cash equivalents, trade receivables, loans, borrowings, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair value/amortized cost

- 1) Long-term fixed-rate receivables/borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual losses and creditworthiness of the receivables
- 2) The fair value of unquoted instruments, loans from banks and other financial liabilities, as well as other non-current financial liabilities are estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. In addition to being sensitive to a reasonably possible change in the forecast cash flows or discount rate, the fair value of the unquoted instruments is also sensitive to a reasonably possible change in the growth rates. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.
- 3) Fair values of the Company's interest-bearing borrowings and loans are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at 31 March 2020 was assessed to be insignificant.

Fair Value Hierarchy

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There were no items of financial assets or financial liabilities which were valued at fair value as of 31 March 2020 and 31 March 2019.

40.3 Financial Risk Management Framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company manages financial risk relating to the operations through internal risk reports which analyse exposure by degree and magnitude of risk. The Company's activities expose it to a variety of financial risks: liquidity risk, credit risk and market risk (including interest rate risk and other price risk). The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes."

(a) Liquidity Risk Management :

Liquidity risk refers to the risk that the Company cannot meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation. The Company maintains adequate reserves and banking facilities, and continuously monitors the forecast and actual cash flows by matching maturing profiles of financial assets and financial liabilities in accordance with the approved risk management policy of the Company periodically. The Company believes that the working capital (including banking limits not utilised) and its cash and cash equivalent are sufficient to meet its short and medium term requirements.

Liquidity and Interest Risk Tables :

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Total	1,224.26	422.68	275.67	193.90	198.80	2,315.31

(b) Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents, bank deposits and other financial assets. None of the other financial instruments of the Company result in material concentration of credit risk. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. The carrying amount of the financial assets recorded in these financial statements, grossed up for any allowance for losses, represents the maximum exposures to credit risk.

Trade receivables: The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and credit history, also has an influence on credit risk assessment. Refer Note 13 and Note 24 for the details in respect of revenue and receivable from top customers.

Credit risk on current investments, cash & cash equivalent and derivatives is limited as the Company generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in fixed deposits.

(c) Market Risk :

Market risk is the risk of loss of any future earnings, in realizable fair values or in future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short-term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

(c.1) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

The Company's management monitors the interest fluctuations, if any, and accordingly, take necessary steps to mitigate any interest rate risk.

Interest rate sensitivity analysis

A change (decrease/increase) of 100 basis points in interest rates at the reporting date would increase/(decrease) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant.

Impact on Profit and Loss for the reporting period

Particulars	As at 31 March 2020		As at 31 March 2019	
	Increase by 100 bps	Decrease by 100 bps	Increase by 100 bps	Decrease by 100 bps

(c.2) Foreign Currency Risk Management :

The Company undertakes transactions denominated in foreign currencies and consequently, exposures to exchange rate fluctuations arises. The Company has not entered into any derivate contracts during the year ended 31 March 2019 and there are no outstanding contracts as at 31 March 2018.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of each reporting period are as follows :

Particulars	Currency	As at 31 March 2020		As at 31 March 2019	
		Amount in Foreign Currency	Amount Rs. In lakhs	Amount in Foreign Currency	Amount Rs. In lakhs
Trade Payables	USD	-	-	32,820	22.79

Foreign Currency sensitivity analysis:

The following table details the Company's sensitivity to a 5% increase and decrease in INR against the relevant foreign currencies. 5% is the rate used in order to determine the sensitivity analysis considering the past trends and expectation of the management for changes in the foreign currency exchange rate. The sensitivity analysis includes the outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates a increase in profit / decrease in loss and increase in equity where the INR strengthens 5% against the relevant currency. For a 5% weakening of the INR against the relevant currency, there would be a comparable impact on the profit or loss and equity and balance below would be negative.

Note :

This is mainly attributable to the exposure of receivable and payable outstanding in the above mentioned currencies to the Company at the end of the reporting period.

40.4 Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The Management considers that the carrying amount of financial assets and financial liabilities recognized in the financial statements approximate their fair values.

40.5 Offsetting of financial assets and financial liabilities

The Company has not offset financial assets and financial liabilities.

41 Estimation uncertainty due to COVID-19 outbreak

The Company has considered internal and certain external sources of information including credit reports, economic forecasts and industry reports up to the date of approval of the financial statements in determining the impact on various elements of its financial statements relating to COVID-19 pandemic. The Company has used the principles of prudence in applying judgments, estimates and assumptions including sensitivity analysis and based on the current estimates, the Company expects to fully recover the carrying amount of trade receivables and right-to-use asset. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements.

42 APPROVAL OF FINANCIAL STATEMENTS

The Board of Directors of the Company has reviewed the realisable value of all the current assets and has confirmed that the value of such assets in the ordinary course of business will not be less than the value at which these are recognized in the financial statements. In addition, the Board has also confirmed the carrying value of the non-current assets in the financial statements. The Board, duly taking into account all the relevant disclosures made, has approved these financial statements in its meeting held on 19 May 2020.

'Blink your eyes regularly'

◆ **Dr Agarwal's hospital introduces high-tech equipment**

| NT Bureau |

Chennai, Nov 4:

'In India, the rate of prevalence of dry eye syndrome is estimated to be 5 to 15 per cent of the population,' said Dr Agarwal's Group of Eye Hospitals chairman Prof Amar Agarwal.

Dr Agarwal's Eye Hospital, Porur has introduced a comprehensive suite of cutting-edge technology for the diagnosis and treatment of dry eye syndrome. State Minister for Fisheries, Personnel and Administrative Reforms D Jayakumar inaugurated the facility recently.

Speaking on the occasion, Prof Amar Agarwal said, 'Some of the major factors that have made dry eye a common and often chronic problem are the conditions of modern lifestyles where people stare at computer or mobile phone screens for long periods of time without blinking regularly'.

People with dry eyes may experience irritation, scratchy or burning eyes; excess watering; and blurred vision. When left untreated, dry eye can cause light sensitivity, blurred vision, and can also permanently harm vision, he said.

Talking about the application of the dry eye machine, Dr Agarwal's Eye Hospitals, Porur, zonal head (Clinical Services), Dr Kaladevi Sathish said the two main types of dry eye diseases are evaporative

and aqueous. Evaporative is the most common form and is typically associated with meibomian gland dysfunction (MGD). And the most effective treatment that can provide long-term relief for MGD is Intense Regulated Pulsed Light (IRPL). The goal of this treatment is to stimulate the secretion and the contraction of the meibomian glands; and to melt and express any thickened oil clogging the openings of meibomian glands, a press release said.

The dry eye suite is meant both for diagnosis as well as for the IRPL treatment. On the diagnosis front, the suite will be used to evaluate the quantity and quality of tears and tear flow; to identify the changes in the outer surface of the eye due to insufficient tears, and to understand the structure of the eyelids, cornea, and blinking dynamics of the patients. Since it is non-invasive, IRPL using dry eye suite does not result in any side effects, the release added.

தலைவர்

நூறில் 20 பேருக்கு 'உலர் விழி' பாதிப்பு: பார்வைக் குறைபாட்டைத் தவிர்க்க சிகிச்சை அவசியம்

சென்னை, நவ 2: தீவிர கணினி, செல்லிடப்பேசி பயன்பாடு, குளிர்நூட்டப்பட்ட அறையில் அதிக நேரம் பணியாற்றுவது உள்ளிட்ட காரணங்களால் உலர் விழி (டிஹைட்ரஜி) பிரச்சனைகளால் பாதிக்கப்படுவோரின் எண்ணிக்கை அதிகரித்து வருவதாக மருத்துவர்கள் தெரிவித்துள்ளனர்.

அண்மைக் காலமாக கண் பரிசோதனைக்கு வருபவர்களில் 20 சதவீதத்துக்கும் அதிகமானோர் அப் பிரச்சனைகளால் பாதிக்கப்பட்டுள்ளதாகவும் அவர்கள் கூறியுள்ளனர்.

உலர் விழி பாதிப்புகளுக்குச் சிகிச்சையளிக்கும் அதிநவீன தொழில்நுட்பத்திலான மருத்துவ வசதி போரூரில் உள்ள டாக்டர் அகர்வால் மருத்துவமனையில் சனிக்கிழமை அறிமுகப் படுத்தப்பட்டது. அதற்கான சாதனங்களின் செயல்பாட்டை அமைச்சர்கள் டி.ஜெயக்குமார், ப.பென்ஜமின் ஆகியோர் தொடங்கி வைத்தனர்.

இது குறித்து அகர்வால் மருத்துவமனைகளின் தலைவர் டாக்டர் அமர் அகர்வால் செய்தியாளர்களிடம் கூறியதாவது

உலக மக்கள்தொகையில் 15 சதவீதம் பேர் உலர் விழி பாதிப்

புக்கு உள்ளாகியிருப்பதாகத் தகவல்கள் தெரிவிக்கின்றன. இந்தியாவைப் பொருத்தவரை 32 சதவீதம் பேருக்கு அத்தகைய பிரச்சனைகள் இருப்பதாக ஆய்வில் தெரியவந்துள்ளது.

சாதாரணமான ஒன்றாக கருதப்படும் உலர் விழி பாதிப்பைக் கவனிக்காமல் விட்டால் நாளடைவில் அது ஏற்படுத்தும் விளைவுகள் மிகத் தீவிரமாக இருக்கும். கண்களில் உள்ள சுரப்பிகளில் இருந்து தேவையான அளவு நீர் சுரக்காமல் இருந்தால் உலர் விழி பிரச்சனை ஏற்படும். புறச்சூழல்களில் நிலவும் மாசு, அகித வெப்பம், வேதிப்பொருள்கள் கலந்த காற்று ஆகியவற்றில் இருந்து விழிகளைக் காப்பது கண்ணீர்தான்.

ஆனால், உலர் விழி பிரச்சனையுடையவர்களுக்குச் சரிவர கண்ணீர் சுரக்காது.

இதனால், கண் எரிச்சல், அரிப்பு, கூசும்தன்மை ஆகியவை ஏற்படும். அவற்றை ஆரம்ப நிலையிலேயே கண்டறிந்து சிகிச்சை எடுத்துக் கொள்வது அவசியம். அவ்வாறு இல்லாவிட்டால் பார்வைக் குறைபாடு ஏற்படக்கூடும்.

கடந்த சில நாள்களாக உலர்

விழி பிரச்சனைக்காக சிகிச்சை எடுத்துக் கொள்ள மருத்துவமனைக்கு வருபவர்களின் எண்ணிக்கை அதிகரித்து வருகிறது. அதற்கு முக்கியக் காரணம் ஏசி, கணினி, செல்லிடப்பேசி உள்ளிட்டவற்றின் அகித பயன்பாடுதான்.

நாளொன்றுக்கு 18 மணி நேரம் ஏசி அறைகளில் இருப்பவர்களுக்கு கண்டிப்பாக உலர்விழி பாதிப்பு ஏற்படும். அதைத் தவிர்க்க, ஏசி பயன்பாட்டைக் குறைக்க வேண்டும். 23 டிகிரிக்குக் குறைவாக ஏசி சாதனத்தை இயக்கக் கூடாது. குறைந்தது 7 அல்லது 8 மணி நேரம் உறங்க வேண்டும்.

தொடர்ந்து ஒரு மணி நேரத்துக்கு மேல் கணினியில் நேரத்தைச் செலவிடக் கூடாது. கண்களுக்கு சிறிது ஓய்வளித்த பிறகே மீண்டும் கணினிசார்பணியை மேற்கொள்ள வேண்டும் என்றார் அவர்.

நிகழ்ச்சியில் டாக்டர் அகர்வால் கண் மருத்துவமனையின் சிகிச்சைத் துறைத் தலைவர் டாக்டர் செளந்தரி, போரூர் அகர்வால் மருத்துவமனை தலைவர் டாக்டர் கலாதேவி சதீஷ், மருத்துவர் டாக்டர் சரஸ்வதி உள்ளிட்டோர் கலந்துகொண்டனர்.
